All Hail, King Carnival! Joy is Queen! Dull Care is in iron! Let the reign of Gladness begin! Business is a forgotten thing—worries and gray thoughts are locked with the family skeleton. Laughter is the watchword—Tears are relegated to the banished past. The Present is on knees before the Queen of Joy, whose hands rest on Beauty and Mirth, her maids of honor. Day is the consort of Merry-making—Night has vanquished Morpheus and chosen Revelry.

All Hail, King Carnival! Come forth, ye loyal subjects.

Let your homage be paid in the coin of Happiness. Dance, Sing, Laugh, Shout! Do honor to the King! Yearly he comes, and yearly goes! Time ceases, as worry and care depart. Happiness, one of the fairest of the gods, comes with him—and is yours, ye loyal subjects, yours to have and enjoy while the King reigns! He is here with us now—King Carnival! He came as the sun, rose out of the sea, and he will be with us for a week. All Hail, King Carnival! Joy is Queen! To triumph!

### CARNIVAL OF NATIONS GIVES PROMISE OF BEING RIOT OF FUN

Everything is ready for the big Carnival of Nations Ball which tonight will open in truly festive spirit the 1914 Mid-Pacific Carnival.

It will be a riot of fun. For the time being care and worries will be laid aside like a cloak, and all elements of a mixed population will mingle in a harmless conflict with confetti as ammunition and masks as shields. And to the strains of a wide repertoire of music, the population will dance on the smooth asphalt.

Now be it well understood that the style of this dancing is not prescribed. You may dance the classic minuet, or the modern raggy rag; you may two-step or you may tango; you may dance solo or duet or en masse. Just dance as suits your fancy, as you learned to dance in your own home land. And the only limitation that will be imposed is the limitation fixed by civilized ideas of decency.

His Honor, Mayor Fern, will start the big frolic at 8 o'clock by leading in the grand march. Then the Hawaiian band and the 2d Infantry band will settle down to business, and there will not be a dull moment until 12 o'clock when the frolic will come to an end.

Of course the dancers are supposed to be masked and in all probability a great number will be present in costumes appropriate to the occasion. But the crowd will not be left entirely to its own devices for amusement, for the committee which has charge of the big event has arranged

### MRS. STRONG TO VISIT TOMB OF R. L. STEVENSON

Allan Herbert Also Expects  
to Make Trip to Samoa on  
the Ventura

That the tomb of Robert Louis Stevenson, which stands upon the crest of Vaea mountain and overlooks Apia, Samoa, will never be removed to another locality as long as any of his relatives live, is the declaration of Mrs. Isabel Strong, step-daughter of the famous novelist, who, with Allan Herbert and others, will leave Honolulu on the Ventura Monday for a pleasure trip to the southern islands, and incidentally a visit to the tomb of her illustrious relative. The plan to remove Stevenson's remains to Scotland long ago was abandoned, says Mrs. Strong, as, upon the request of Mrs. Robert Louis Stevenson, were the arrangements to build a road from Apia to the tomb.

"Mr. Herbert, others and myself are going to Samoa merely on a pleasure trip, in order that, among other things, we may get a glimpse of the real, old Hawaiian life," explained Mrs. Strong this morning. "Mr. Herbert is interested in flora and agriculture and plans to take some seeds with him for exchange. As to myself, I am anxious to secure some new flowers for my home at Santa Barbara. We intend visiting Mr. Stevenson's tomb, as well as his old home at Valliman, an estate comprising about 300 acres, located three miles from Apia, and how the residence of the governor. I last visited Samoa 18 years ago. It was then very beautiful, but I fear that the invasion of colonization has severely changed the place. We are planning to return on the Ventura."

In response to a query, Mrs. Strong (Continued on page three)

### INTER-ISLAND BALL MANAGERS MAKE PEACE

At a meeting of baseball managers, held at A. L. Castle's office at noon today, an attempt was made to patch up the differences in the ranks of the Oahu team. Manager Rice of Maui proved himself a good sportsman by agreeing to urge Ayau and En Sue to stick by their own team, instead of playing for Maui. If the men hold out, however, Manager Desha of the Oahu will be allowed to sign Bushnell and Tai Tin in their places.

### GROWERS HEAR OF PRICE CUT IN PINEAPPLES

Reports Unofficial and Cannery Men's Statement Do  
Not Confirm Rumors

A rumor current yesterday afternoon, and backed this morning by statements from representatives of Japanese pineapple growers on the island, indicates that a new situation is developing in the industry, as between the growers and the canners. Reductions and changes in the price to be paid for the fruit, and stricter requirements for fresh pine listed as "class A," will be made by all the canneries, according to the rumor and the statements made by the Japanese representatives.

The cut in fresh pine amounts to \$5 a ton, it is said, thus bringing the price down to \$15 a ton; but what is declared to be more important than this is the change reported probable in the classification of the fruit. For, under the new arrangement, it is said, a pine to be "class A" must weigh 3 1/4 pounds instead of three, as has been the case before. This means, the growers state, that one-third more of their crop than usual will be paid for on the basis of second-grade fruit; that is, one-third can not be sold as "class A."

James D. Dole, president and general manager of the Hawaiian Pineapple Company, is on Maui today, and K. B. Barnes, secretary and treasurer, did not wish to make a statement on the subject. F. W. Macfarlane of Libby, McNeill and Libby, when asked regarding the cut, said that as far as he knew the company has not yet entered into new contracts with the growers. He said he had not heard of the cut. R. I. Bentley, director of the Hawaii Preserving Company, says that his company has not decided on the price it will pay for the fruit. He said many of its contracts have expired; and that they may be either renewed or cancelled. The company, he said, is investigating and feeling out the market before making new contracts. W. B. Thomas and Will Thomas of the Thomas Pineapple Company are passengers on the Matspona, en route to the coast. The rumor of the cut carries also the report that the price of the canned goods is to be cut 20 cents the 1st of May. This, as in the case of the other rumors, could not be verified this morning.

### OPINION THAT KILLED CHANCES FOR METZGER AND COKE IS RECEIVED

Confirming the cable he received some two or three weeks ago from Washington which eliminated Sen. D. E. Metzger, Sen. James L. Coke and several other members of the legislature as candidates for appointment to territorial and federal offices, Governor Pinkham today received a copy of the interpretation of the organic act by Assistant Attorney-General Preston C. West, which was approved by the office of the secretary of the interior.

Sections 16 and 17, under which the question of appointment of legislators arose are as follows:  
Section 16: "That no member of the legislature shall, during the term for which he is elected, be appointed or elected to any office of the territory of Hawaii."

Section 17: "That no person holding office in or under or by authority of the government of the United States or of the territory of Hawaii shall be eligible to election to the legislature, or to hold the position of a member of the same while holding said office."

"Read and considered together," says Assistant Attorney-General West, "the intent and effect of said sections appear to prohibit a person from at the same time holding an appointive or elective office and serving as a member of the territorial legislature. This view is in accord with sound public policy and with good administration. As section 17 prohibits both the federal and local officeholders from serving in the legislature, it is fair to assume that section 16 was intended to and does prohibit the appointment or election of a member of the legislature, during the term for which he was elected, to either a local or a federal office."

"I have therefore to state that, in my opinion, a member of the legislature of Hawaii is during the term for which he was elected ineligible to appointment to territorial or federal offices in the territory, including the of

### While Sun Smiles Here in Hawaii New England is Freezing and Deaths From Cold Are Widely Reported

Sixty-mile Gale Heaps Snow Over Several States and Demoralizes Atlantic Coast Shipping — Several Deaths Reported — In New York Weather Is Clearing Up but It's Cold

[Associated Press Cable]  
BOSTON, Mass., Feb. 14.—Close on the heels of the cold snap that has sent the thermometers of this city to almost unprecedented depths and caused numerous prostrations, has come a blizzard, sweeping over most of the New England states and part of New York.

The weather is the worst the Atlantic Coast has felt this winter, the thermometer being below zero over wide areas and the gale raging at the rate of 60 miles an hour.

The gale and extreme cold have demoralized both shipping all along the coast, particularly of the smaller craft, and electric railway transportation in several sections.

Several deaths from cold have been reported.

NEW YORK, N. Y., Feb. 14.—The weather is clearing up here and it is predicted that it will be fair and cold tomorrow. There is still much suffering among the poorer people.

### Police On Guard At Tokio In Effort To Check Disorders

[Associated Press Cable]  
TOKIO, Japan, Feb. 14.—The Japanese Parliament building was closely guarded today to prevent a recurrence of recent disorders. Police with drawn sabers stopped incipient outbreaks, incited by the proposed increase in taxation on the part of the opposition party.

Several editors were arrested for inciting to riot through their papers. The House of Peers addressed an interpellation to the government in connection with the naval scandal. During the debate over the measure, Baron Kenjiro Den censured Admiral Saito for not investigating earlier into the scandals in his department.

### Army Aviator Makes Fine Flight In Effort On Coast

LOS ANGELES, Cal., Feb. 14.—One of the most notable flights in the aviation annals of the Pacific coast was accomplished today when Lieut. Frank L. Dodds of the coast artillery and now a member of the army aviation corps, flew here from San Diego and after half an hour's rest started back. He was accompanied by Aviator Glenn Martin, who tried to make the flight to San Diego carrying two passengers. Martin's engine burned out the motor bearings and he was forced to abandon his trip at Oceanside.

### Mrs. Rockefeller Shock Sufferer

[Associated Press Cable]  
NEW YORK, N. Y., Feb. 14.—Exhausted from the strain of their experience while the yacht Warrior was stranded near Panama, the Rockefellers arrived here today, among them being Mrs. John D. Rockefeller. Her husband, who was not on the yacht, welcomed her as she arrived at Pocantico Hills, the noted estate. She was feeble and had to be carried from the train and taken in a closed automobile to her home. Rockefeller brought all the secretaries to Pocantico.

### Senator A. O. Bacon Dead

WASHINGTON, D. C., Feb. 14.—Senator Augustus O. Bacon, of Georgia, chairman of the senate committee on foreign relations, died here today of kidney trouble. Though his condition was reported serious yesterday, his death was unexpected. He was born in 1839, fought with distinction in the Civil War as a Confederate, and has had a long political career.

### Federal League Circuit Certain

NEW YORK, N. Y., Feb. 14.—Announcement was made here today of definite plans for the Federal league—the "outlaw league"—for the season of 1914.

The circuit will embrace eight cities, Brooklyn, Pittsburgh, Buffalo, Baltimore, Chicago, St. Louis, Kansas City and Indianapolis. The schedule is being arranged and will be completed in March.

### Wilson Misses Gridiron Dinner

WASHINGTON, D. C., Feb. 14.—President Wilson's cold was better today but he was unable to attend a Gridiron Club dinner last night.

### OAHU SUGAR COMPANY HAS RATHER OPTIMISTIC REPORT FROM MANAGER

The report of Manager E. K. Bull of the Oahu Sugar Company, which was presented at the annual meeting of shareholders of the company, held at 11 o'clock this morning in the offices of H. Hackfeld & Company, has an optimistic tone, and holds out considerable hope in way of promise for the future. Although the cane had suffered from drought, the plantation yielded last year 28,045 tons of sugar and the estimate for the present season's crop is 29,500 tons. The outlook for the 1915 crop is good at present. Mr. Bull mentions briefly the somewhat extensive experiments which have been carried on with new cane varieties, of which there is now a total of over 800 acres, and notes that "some interesting results are anticipated" when these fields are harvested next year.

Great hope is expressed of the benefits to accrue to the plantation with the project, the work on which is something over one-fourth finished. Mr. Bull mentions the fact that the cost of pumping water last year equaled \$111.22 per ton of sugar, or a total outlay of \$3,174,953.60. This cost will be greatly reduced with the substitution of mountain water, and, as the report puts it, "will place the plantation in a much better position to meet possible further reduction in sugar prices, and should tend to brighten the prospects for the future."

The profit and loss account for the year shows a gross profit on sales of sugar and from other sources of \$328,990.22, and a net profit of \$250,252.32. Of this amount \$125,000 (25 per cent) was paid out in dividends. A credit balance of \$471,221.16 is carried forward. The balance sheet shows assets totaling \$6,123,656.65. It was announced that the divi-
